Wildey Morrison, a lad of but 11 years, was stabbed in the back yester-day afternoon by a playmate named Walter Wessler aged 10. The boys attend the Grant school. Yesterday at

ternoon the boys quarreled, on account, it is stated of the Wessler boy having

slapped the Morrison boy's smaller brother, in the midst of the quarrel the Morrison boy remarked "I'll fix

you," and pulled a piece of metal out of his pocket and struck the Wessler

boy, making a flesh wound under the left shoulder which was dressed by Dr. H. J. Powers at his office, and the

Wessler boy was taken in custody by Principal William Petterson who re-ported the matter to the police. The

boy will receive some punishment for his rash act. On account of his youth

it is thought only corporal punishment will be meted out to him.

Judge Hall Meets With Serious Accident-A Musical Treat.

SAD DEATH OF A YOUNG WIFE.

Jury Commissioners Are Appointed-Boy Stabbed in the Back-A "Firey" Ceremony.

Joseph Hall, one of Ogden's best known citizens, and former police judge, met with a very serious accident about b o'clock last evening, the results of which, on account of the honored veteran's age, are feared by his relatives

and friends. Mr. Hall, who is quite active for a man in his eightleth year, had gone to the office of a friend of his over Richardson's grocery store on Twentyfourth street, where he transacted some business. He stepped to the stairway leading to the street, when, it is supposed, he was seized with a stroke of dizziness, and fell, head foremost, down the stairs, a distance of about 15 feet, striking on his hand and head. Mr. strking on his hand and head. Mr. Richardson and others were soon at his side and picked him up in an unconsicous condition. Dr. Sheen was summoned and had him placed in a carriage and taken to his home, 1265 Twenty-sixth street, where his injuries were cared for. The physicians made a careful examination of his entire were cared for. The sentire body and found that no bones were broken, but his head and face was ternibly bruised and cut, his arm and hand were badly bruised and crushed, but perhaps the most serious part of the fall was the terrible shock to his nervous system, which, on account of his advanced age, were shattered so serieasiy that grave doubts of his entire recovery from the shock are entermined, aithough everything possible is being done to relieve his suffering and restore him to his usual health.

PROCTER ACADEMY JUBILATES

21st Anniversary Celebration-Non-Partisan Election-Bell Co. to Build. Special Correspondence.

Special Correspondence.

Provo, Nov. 24.—The faculty, students and friends of the Procter academy enjoyed a happy celebration of the twenty-first anniversary of the establishment of this popular institution yesterday. During the day the various classes were entertained in Procter hall which was tastefully decorated and temporarily converted into a parlor for the occasion. A fine musical program was rendered, and delicious refreshments served. In the evening a reception was given by the faculty, attended by many leading citizens who tended by many leading citizens who appreciate the school, and the benefits it has conferred upon the community in the 21 years of its existence. Music and refreshments were enjoyed and delightful social evening passed.

The Procter academy was established by the New West commission and given the name it bears in honor of Joseph O. Procter of Gloucester, Mass., who O. Procter of Gloucester, Mass., who contributed largely to its establishment in a financial way Mr. Procter died in September of this year. He left \$2,000 by his will, the intent of which is to be used for the academy. Miss Emily Marie Clapp was the first principal. JOSEPH H. YOUNG GOES TO THE C. & S.

General Superintendent of the Rio Grande Western to Exchange Utah for Denver.

ANOTHER GOOD MAN TO LEAVE.

Salt Laker Gets a Well Deserved Promotion as General Superintendent Under J. M. Herbert.

The many friends of Joseph H. Young, general superintendent of the do Grande Western, are extending hearty congratulations today to that promising young man on his promotion to be general superintendent of the Colorado & Southern railway system. Mr. Young returned last night from Denver. where he has been to confer with Vice President C. H. Schlacks of the D. & R. G., with reference to securing his release from the Western's superin-tendency. Mr. Schlacks let Mr. Young go with much regret, and with heartlest expressions of confidence and hopes for his success in the new field of useful-ness to which he had been called.

Mr. Young has received several advantageous offers in the last year, from several roads, as his executive has come to be recognized in the rail-road world as an operating department manager, so that his opportunity to step up into this new position hardly comes as a surprise, and is rather re garded as a just reward of merit. Mr. Young is a Salt Lake boy, and began his railroad career as a messenger boy at Sandy station on the old Utah Central railroad. He climbed up the reg-ular rungs of the ladder of promotion as clerk, agent and operator, and after-wards as train agent and ticket clerk of the Union Pacific at Ogden station. In 1886, Mr. Young was made traveling passenger agent of the Chicago & Northwestern road in this city, but re-signed to become general agent of the Sait Like & Essentian and the contraction of the Sait Like & Essentian and the contraction of the Salt Lake & Eastern road, which subsequently was merged into the new Utah Central, running between this city and Park City. In 1891, Mr. Young was made superintendent of the Utah division of the Union Pacific, and after-wards of the Short Line, which he managed with credit until the resignation of A. E. Welby from the general super-intendency of the Western two years ago, when he was appointed by General Manager Herbert Mr. Welby's suc-

Mr. Young will leave Salt Lake Dec. 1 for Denver to assume the responsibilities of his new position, with the best wishes of his many friends. The Colorado & Southern is a road with a history, and now nearly 1,600 miles of line included within its system. It extends as far south as Fort Worth, Tex., owns half the Colorado Midland, and otherwise covers the state of Colorado pret-ty thoroughly. The rise of this Sa't Lake young man in the railroad world is viewed with an increasing and hopeful interest by the entire Utah public.

ABUSE OP OPEN RANGE,

Panguitch Man Talks Over Subject-Western Market Letter.

Special Correspondence.

Kansas City, Mo., Nov. 21 .- James Houston of Panguitch, Utah, who has been a resident of the "Mormon" state most of his life, was at the yards yesterday with a trainload of cattle. He was on the road about a week, includng a drive across the country of about When asked about the live stock interests of that country, Mr. Houston said:

The best thing that can happen to Utah is to have all the grazing lands fenced up, and all the stockmen own their own lands. The trouble at the present time is that the sheepmen ramble around over the open ranges with their flocks and take the cream of the feed. They are migratory indi-viduals, and can never be located at any one place as their home. This injures the range for cattle, and the time is coming when this must be stopped. The government has taken hold recently and enclosed what is known as reserves on which but a limited amount of can be pastured, which is a good thing as it keeps the stockmen from crowding the good grazing spots. And then the settlers are locating on good valley lands, and this will put a stop to some of the rambling of the stockmen. But the sheepmen have been in the habit of grazing in the summer months up in the mountains around the headwaters or the streams, which is bad, as it cuts off the source of the water supply, and without water for irrigating purposes, we can do nothing. Utah is full of wonderful resources, but we have reached a time when strict laws must

Cattle receipts last week amounted to 61,000 head, thanks to the liberal supply from the Panhandle country Monday and Tuesday. Not many came in from Colorado and the west. The market was very satisfactory on range cattle of all kinds, all of the weak spots were confined to corn fed natives. Panhandle cows sold about as high as during the previous week, the highest this season. Cows brought \$2.35 to \$2.05, and heifers \$2.60 to \$2.90. One drove of good mountain steers, 1,190, sold at \$4.05, and some shelly cows out of the same shipment brought \$3, thin cows \$2.65. All around the cow market was at its best last week, although it closed the week badly, and 5 to 10 cents is being taken off today on receipts of 17,000 head, a good share of which are from the Panhandle country again. Stockers and feeders sold fully steady last week, and are steady today. Most of the range stuff in this class sold at \$2 to \$3.50. Utah yearlings sold at \$4,60, some sorted wethers at \$4.50, ewes at \$4 to \$4.15, and everything moved with a great dear of snap. Thin sheep for the country were eagerly sought at the strong prices ruling lately, \$3.50 to \$4 for wethers and yearlings, \$4.25 to \$4.65 for lambs. Hardly any stock ewes were received, but a few sold at \$2.50 to \$3.25.

When I began S. S. S. my face was to full of sores and eruptions that I could not shave, and now

and fortunately for me the friend that I first consulted had had some experience with the disease, and advised me to take S. S., so I didn't fool with any doctors,

These ease, which was in spots at first, but afterwards spread all over my body. soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors

could do me no good I had spent a hundred dollars, which was really thrown away. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass. 58 Clinton St., Newark, N. J.

there is not a blotch or pimple on my body.

WALTER WEBER. Contagious Blood Poison, sometimes known as "THE BAD DISEASE," begins usually with a little pimple

or sore, and this may be the only external evidence for several weeks; but soon the glands in the neck and groins swell, pimples and red cruptions break out on the breast and other parts of the body, the mouth and throat get sore, the tongue heavily coated, the hair falls out, and as the contamination more thoroughly saturates the tystem, copper-colored spots and other severe symptoms make their appearance. Too often the sufferer turns to the Mercury and Potash treatment and smothers and hides the disease in the system, and when they are left off he finds that this masking of the disease has concentrated its strength, and it breaks forth again with consuming intensity. Mercury and Potash not only fail to cure Blood Poison, but produce other severe troubles such as Mercurial Rheumatism, necrosis of the bones and inflammation of the Stomach and Bowels. S. S., the great vegetable blood purifier and tonic, cures this disease and the cure is permanent. It goes into the circulation and searches and filters

out every particle of the poison, gives renewed strength and energy to the blood and brings back robust and satisfying health. It does the work surely and safely, eradicating at the same time any poisons that may have accumulated from the use foof that it contains a particle of mineral. Our special book on Contagious Blood Poison is a complete treatise of harmful minerals. It is purely vegetable, and we offer a reward of \$1,000 for this disease. It will be mailed free to all who ask for it, and our physicians will gladly give personal attention the cases of all who write. We make no charge whatever for this.
